A message from Andy Pilley

It gives me great pleasure to endorse The Fleetwood Town Official Supporters' Club (FTOSC).

The FTOSC is properly recognised by the club and works together with Fleetwood Town FC and other organisations to improve supporters' experiences and allow them to feel part of our great football club.

I have always felt that there is a need for the club to get closer to the fans so we can work together in a way that will positively effect all of us both on and off the pitch. I am certain that the FTOSC will be able to help with this essential part of being a Fleetwood Town Supporter.

The committee are all volunteers and would appreciate your help to make this a success and I urge you to join the FTOSC, show your support and allow us to try and give something back.

Please give your support to allow the committee to plan events that will ensure your membership fee is value for money and therefore make your match day experience a better one. We have an amazing football club and this is another step in bringing everyone closer together, allowing us all to move forward in the same direction and improve the experience of our supporters in a positive way.

Best wishes.

Andy.
