

Onward Card FAQs

How do I pay for my Onward Card?

The only way you can purchase your Onward Card is by Direct Debit via the website, over the phone or in the club shop at Highbury Stadium.

The first year will be paid over 10 months, transitioning into an ongoing monthly Direct Debit from July 2019.

Why can't I pay for my Onward Card in full?

We have listened to supporters, and allowed our fans to pay for their Onward Card in monthly payments.

This method of payment is the same as a gym membership, phone bill or gas payment. We see the Onward Card as another sign of Fleetwood Town being a forward thinking football club, something which we are proud of.

Can I purchase my existing seat?

All seats are held until Monday 18th June at 5pm. If you haven't secured your seat by this date it will go on general sale.

What happens at the end of the season?

You do not need to worry about renewing your Onward Card as it will continue into next year, unless you inform the club otherwise at the end of the season.
